

In Utah, custody is known as  
“Parent Time”

Utah State law prefers **both** parents play a  
meaningful role in their children’s lives

Virtual Parent Time can include **telephone**  
and **Internet** communication

Statistically, **1/2** of children’s parents will  
divorce. Of those children, **1/2** will also  
witness a parent’s second divorce

Failure to comply with Parent Time  
orders can have **legal consequences**
